Our brochure provides you with a wide selection of the products and services we offer. However, if there is a specification that you require that is not shown, please call us to discuss your requirements. We aim to provide a bespoke service wherever possible.

All of our coffins and caskets are manufactured on site by our team of skilled craftsmen in Ashbourne. This ensures we have total control over the materials used, and the quality of the workmanship that goes into our products is of the standard you require.
